

## Conflict Minerals Reporting Template (CMRT)

Z-AXIS, Inc. has reviewed our products to determine which components may contain conflict minerals, and has established policies to determine the sources of those minerals within our supply chain. We ask suppliers of these components to provide declarations regarding their sourcing of conflict minerals. Our due diligence framework includes reviewing our suppliers' declarations to determine whether they meet our expectations. We maintain these declarations in our sourcing document management system.

| Effective Date (*):             | 14-Aug-2026                                              |

Answer the following questions 1 - 8 based on the declaration scope indicated above

| 1) Is any 3TG intentionally added or used in the product(s) or in the production process? (*) | Answer | Comments |
|-----------------------------------------------------------------------------------------------|--------|----------|
| Tantalum (*)                                                                                  | Yes    |          |
| Tin (*)                                                                                       | Yes    |          |
| Gold (*)                                                                                      | Yes    |          |
| Tungsten                                                                                      | No     |          |

| 2) Does any 3TG remain in the product(s)? (*) | Answer | Comments |
|-----------------------------------------------|--------|----------|
| Tantalum (*)                                  | Yes    |          |
| Tin (*)                                       | Yes    |          |
| Gold (*)                                      | Yes    |          |
| Tungsten                                      |        |          |

| 3) Do any of the smelters in your supply chain source the 3TG from the covered countries? (SEC term, see definitions tab) (*) | Answer | Comments |
|-------------------------------------------------------------------------------------------------------------------------------|--------|----------|
| Tantalum (*)                                                                                                                  | No     |          |
| Tin (*)                                                                                                                       | No     |          |
| Gold (*)                                                                                                                      | No     |          |
| Tungsten                                                                                                                      |        |          |

| 4) Do any of the smelters in your supply chain source the 3TG from conflict-affected and high-risk areas? (*) | Answer | Comments |
|---------------------------------------------------------------------------------------------------------------|--------|----------|
| Tantalum (*)                                                                                                  | No     |          |
| Tin (*)                                                                                                       | No     |          |
| Gold (*)                                                                                                      | No     |          |
| Tungsten                                                                                                      |        |          |

| 5) Does 100 percent of the 3TG (necessary to the functionality or production of your products) originate from recycled or scrap sources? (*) | Answer | Comments |
|----------------------------------------------------------------------------------------------------------------------------------------------|--------|----------|
| Tantalum (*)                                                                                                                                 | No     |          |
| Tin (*)                                                                                                                                      | No     |          |
| Gold (*)                                                                                                                                     | No     |          |
| Tungsten                                                                                                                                     |        |          |

| 6) What percentage of relevant suppliers have provided a response to your supply chain survey? (*) | Answer           | Comments |
|----------------------------------------------------------------------------------------------------|------------------|----------|
| Tantalum (*)                                                                                       | Greater than 90% |          |
| Tin (*)                                                                                            | Greater than 90% |          |
| Gold (*)                                                                                           | Greater than 90% |          |
| Tungsten                                                                                           |                  |          |

## Conflict Minerals Reporting Template (CMRT)

Z-AXIS, Inc. has reviewed our products to determine which components may contain conflict minerals, and has established policies to determine the sources of those minerals within our supply chain. We ask suppliers of these components to provide declarations regarding their sourcing of conflict minerals. Our due diligence framework includes reviewing our suppliers' declarations to determine whether they meet our expectations. We maintain these declarations in our sourcing document management system.

| 7) Have you identified all of the smelters supplying the 3TG to your supply chain? (*) | Answer | Comments |
|----------------------------------------------------------------------------------------|--------|----------|
| Tantalum (*)                                                                           | Yes    |          |
| Tin (*)                                                                                | Yes    |          |
| Gold (*)                                                                               | Yes    |          |
| Tungsten                                                                               |        |          |

| 8) Has all applicable smelter information received by your company been reported in this declaration? (*) | Answer | Comments |
|-----------------------------------------------------------------------------------------------------------|--------|----------|
| Tantalum (*)                                                                                              | Yes    |          |
| Tin (*)                                                                                                   | Yes    |          |
| Gold (*)                                                                                                  | Yes    |          |
| Tungsten                                                                                                  |        |          |

### Answer the Following Questions at a Company Level

| Question                                                                                                                                                                   | Answer                                    | Comments |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------|----------|
| A. Have you established a responsible minerals sourcing policy? (*)                                                                                                        | Yes                                       |          |
| B. Is your responsible minerals sourcing policy publicly available on your website? (Note - If yes, the user shall specify the URL in the comment field.) (*)              | No                                        |          |
| C. Do you require your direct suppliers to source the 3TG from smelters whose due diligence practices have been validated by an independent third party audit program? (*) | No                                        |          |
| D. Have you implemented due diligence measures for responsible sourcing? (*)                                                                                               | Yes                                       |          |
| E. Does your company conduct Conflict Minerals survey(s) of your relevant supplier(s)? (*)                                                                                 | Yes, in conformance with IPC1755 (e.g., C |          |
| F. Do you review due diligence information received from your suppliers against your company's expectations? (*)                                                           | Yes                                       |          |
| G. Does your review process include corrective action management? (*)                                                                                                      | Yes                                       |          |
| H. Is your company required to file an annual conflict minerals disclosure? (*)                                                                                            | No                                        |          |
